

Welcome to the Eatontown Community Garden

Dear Gardener,

Thank you for your interest in the Eatontown Community Garden. With a successful first gardening season under our belts, we are looking forward to our second season starting in Spring.

We hope to include all new gardeners. The garden is expanding, and we expect no problem with availability for the coming season, however, it is difficult to predict until registration is complete.

The Eatontown Community Garden was developed by the Eatontown Green Team in partnership with the Mayor, Council and Borough of Eatontown. It is led by a Garden Committee of gardeners and Master Gardeners – all volunteers. If you have questions about the garden that are not answered in this information packet, please contact a committee member or email us at:

CommunityGarden@eatontownnj.com.

The packet includes:

- Registration and Waiver Form
- Garden Rules, Policies & Responsibilities

All gardeners must fill out the registration form and sign the waiver. Choose the size plot you are interested in, then submit the form with the appropriate fee. It's that simple. A list of policy guidelines makes it easy to be a good neighbor while we grow together.

If able, gardeners are asked to contribute to the garden by volunteering time to activities that support the garden such as preparing for opening day, end of season clean-up, and maintaining common areas. If you would like to be even more involved with the running and maintenance of the garden, please let us know.

We plan to hold special workshops dedicated to topics of interest to the gardeners. Suggestions are welcome!

Let's work together to keep the garden a happy, secure, and thriving space where we put the "community" in community garden. Enjoy the possibilities and grow local with us!

Sincerely,
The Garden Committee
