Eatontown, New Jersey 07724

Chapter 289: Swimming Pools

§ 289-5 Water supply.

There shall be no physical connection between a potable public or private water supply system and swimming pool below the maximum waterline of the pool or to a recirculating or heating system of said pool. The piping system shall be designed to circulate the pool water through filtering equipment. Potable water shall feed the pool with a downspout with an air gap not less than six inches from the pool overflow level. Potable water siphons will not be permitted to drain the pools. The installation, repair and control of plumbing facilities shall comply with the Plumbing [1] and Sanitary Codes of the Borough of Eatontown. All circulating units shall have sufficient capacity to recirculate the entire contents of the pool within eight hours or less. [1] Editor's Note: See Ch. 342, Plumbing.

§ 289-6 Discharge systems.

All swimming pools with a water depth of more than one foot, hereafter constructed, installed, established or maintained within the Borough of Eatontown, shall be provided with the necessary equipment to completely pump out or empty said pool to either a storm sewer, storm sewer catch basin, lawn-watering system, adequate dry well or sand-filtering pit on the premises on which the pool is located. The discharge of water from such pools into a storm sewer shall be permitted only where the capacity is adequate as determined by the Borough Engineer. No pool drain shall be connected into the sanitary sewer system, nor may water from said pool be discharged at the curb or upon the surface of any street. The discharge of said waters shall in no way cause or create a nuisance to the abutting property or to the public.

§ 289-7 Disinfection, filtering and bacteriological standards.

All swimming pools shall be so constructed, installed and maintained as to provide necessary equipment for chlorination and other disinfection and filtering to comply with the following approved bacteriological standards. Chlorine gas-bearing compounds in solution shall be required as disinfecting agents for swimming pools. Not more than 15% of the samples of water taken from any pool shall contain more than 250 pathogenic organisms per cubic centimeter or shall show positive test (confirmed) for coliform in any of ten-cubic-centimeter portions of water at times when the pool is ready for use. The local Board of Health is hereby authorized to take samples to insure compliance with these requirements. Free chlorine residuals and pH values shall be maintained within ranges indicated below: pH Free Chlorine Residual 7.0 - 7.6 0.4 - 0.6 ppm 8.0 - 8.4 2.0 - 5.0 ppm

§ 289-8 Fencing.

All outdoor swimming pools shall be enclosed by a substantial fence not less than 48 inches in height, so constructed as to prevent within reason any person or animal from gaining access beneath, over or through said fence and which shall have a similarly substantial gate of the same height as the fence. Said gate shall be equipped with self-latching devices for keeping gate closed when not in actual use. Gate shall be kept locked when the pool is not in use or is unguarded or unattended. Wading pools shall be:

- A. Emptied when not in use or unattended.
- B. Covered with a strong protective covering capable of supporting a minimum dead weight of 100 pounds.
Cover shall be securely fastened or locked in place.

§ 289-9 Location.

A swimming pool shall be as an accessory to a residential use as set forth in the Zoning Ordinance of the Borough of Eatontown and shall be governed by said Zoning Ordinance.

§ 289-10 Lighting.

No artificial lighting shall be maintained or operated in connection with said pool in such a manner as to be a nuisance to or an annoyance to the neighboring properties.

§ 289-11 Regulations.

- A. Nuisance. Any nuisance which may exist or develop in or in consequence of or in connection with any swimming pool shall be abated and/or removed by the owners.
- B. Mechanical defects and supervision. Whenever any swimming pool by reason of mechanical defects or lack of supervision is, in the opinion of the Board of Health, polluted and detrimental to health, it shall be closed to use.
- C. Operation and maintenance. Any accessory buildings or any other physical facility or equipment incident to the maintenance and operation of any swimming pool shall be in conformance with the rules and regulations of both the Board of Health and the Building Inspector of the Borough of Eatontown.

§ 289-12 Public swimming pools. [Added 1-28-2004 by Ord. No. 2-2004; amended 6-9-2010 by Ord. No. 12-2010; 8-10-2011 by Ord. No. 11-2011]

Public swimming pools as defined by the Monmouth County Board of Health and the New Jersey State Statute and Regulations shall be required to be subject to an annual Board of Health permit to be obtained through the Eatontown Board of Health or the Monmouth County Board of Health for a term commencing April 1 of each year and ending April 30 of the following year. The fee for such a permit, payable no later than March 31 for the following year term, shall be \$200 per year payable to the Borough of Eatontown to cover the cost of pool inspection performed by the Monmouth County Board of Health. A late fee of \$25 will be charged if the application fees are received after April 30.

§ 289-13 Enforcement. [Amended 1-28-2004 by Ord. No. 2-2004; 8-10-2011 by Ord. No. 11-2011]

It shall be the duty of the Monmouth County Board of Health and/or the Building Inspector or other official designated by the governing body of the Borough of Eatontown to enforce the provisions of this chapter. It shall also be the duty of the owner of any pool to allow the local or County Board of Health or delegated authority and/or the Building Inspector or other designated official access to any swimming pool or wading pool and appurtenances thereto for the purpose of inspection and to ascertain compliance with the chapter and all other pertinent ordinances, at all reasonable times.

§ 289-14 Violations and penalties. [Amended 1-28-2004 by Ord. No. 2-2004]

Any person, partnership, association or corporation or member thereof or officer of the same who violates this chapter or any part thereof shall, upon conviction in the municipal court, be subject to a fine not exceeding \$1,250, imprisonment for a term not exceeding 90 days and/or a period of community service not exceeding 90 days, or combination of the aforesaid sanctions.
